Exhibit B

Declaration of Trust

This Declaration of Trust (this “Declaration”) for the Fabrica EEN2YV4SNRPKJ Trust (“Trust”) establishes notice of that certain Fabrica Trust Agreement dated as of January 22, 2025 (the “Trust Agreement”). The trust property, the legal description of which is attached as Exhibit A (the “Property”), has been deeded into the Trust.

A digital asset with ID #8334526203883826489 (the “Property Token”) and connected to that certain smart contract (the “Token Contract”) running on Ethereum Mainnet (the “Blockchain Network”) at the address 0x5cbeb7a0df7ed85d82a472fd56d81ed550f3ea95 will be issued or has been issued following the recording of this Declaration. The holder(s) of the Property Token is/are the Beneficiary(ies) of the Trust, with the right to act as or nominate the Trustee(s).

Any valid transfer of the Property Token transfers the proportional beneficial ownership of the Trust and associated rights, as described further in the Trust Agreement. As per the Trust Agreement, transfers of the beneficial interest in the Trust, via transfer of the Property Token, also transfer the trustee position to the new holder of the Property Token, or to a nominee of that new holder.

The Trustee does not have the right to transfer any part of the title to the Property out of the Trust until instructed by the Beneficiary via an interaction with the Property Token known as “redemption.” Until the Beneficiary has redeemed the Property Token, all operations performed on the Property Token must be accomplished via the Token Contract and confirmed by the Blockchain Network. Any operation performed on the Property before the Property Token has been redeemed will be invalid, as per the Trust Agreement. Individuals or entities that wish to interact with the Property without using the Property Token should first remove the Property from the Trust.

All records of the Trust, including ownership, interaction records, and current and amended versions of the Trust Agreement are maintained on the Blockchain Network and are publicly and perpetually available through the Token Contract.

The below URL was established at the time of the Trust creation to conveniently inspect and operate on the Trust and the underlying Property. The Token Contract can also be inspected and operated on using standard tools on the Blockchain Network, should the URL become temporarily or permanently unavailable:
